To the team at DIB,

Being a company with competitive pricing and one that St Catherine's School has had a long and withstanding relationship with, it was without doubt that I should call upon the services of DIB to assist in the relocation of existing AV equipment at our School. Technician Trevor Wilkinson was entrusted with the job and set about relocating a previous projector and audio installation, in addition to re-running cables.

Before leaving the School, everything was tested and checked to make sure it was all in working order, thus ensuring the operation went according to plan and ran very smoothly. My many thanks go out to Trevor and the rest of the team at DIB who did an excellent job from start to finish.

Kind regards,

Keith Vaz
System's Administrator – Infrastructure
