To the team at DIB Australia,

I first came across your services when I was referred by another school and approached you with regards to installing a multimedia projector system for Interactive Whiteboard use in classrooms at our college. I was impressed by your competitive pricing and your willingness to give us a bottom price quote.

During the installation there were a few issues in terms of the implementation due to the fact that we had asked for something other than the standard installation yet despite this I found your team worked very well in solving problems once they arose. The technicians were organised in their approach, had good check lists, cleaned up after the installation and were willing to stay onsite even after I had left. I would also like to extend my thanks to Melanie and Jade who were excellent with the administration and made me feel like my timeline and job was important to them. Melanie did her utmost to fit us in whenever issues arose to ensure that our job was completed.

Best regards,

*L. M. Jackson*
